A BEAUTY spot was transformed into a riot of colour as a cultural festival brought music, dancing and water sport together for a thrilling event.

A huge crowd descended on Manvers Lake for the Union of United Kingdom Malayalee

Association's annual Snake Boat and Cultural Festival.

Organisers expected up to 10,000 people on the day and a TV audience of more than 100 million, as the event was streamed live over the internet to India.

Two weeks earlier, Manvers Waterfront

Boat Club had hosted the British Dragon Boat Racing Association's national regatta, with top-class crews from across the UK battling it out.
